WHY PARTICIPATE?

This year, the SCA is introducing **two exciting categories** for our exhibition: **Representational** and **Contemporary**. These categories reflect our growth and commitment to celebrating a wide array of styles, genres and mediums of artistic expression.

- **Representational** welcomes works that explore the world around us, whether through detailed portrayals or personal interpretations of familiar scenes. This category embraces a broad range of approaches, allowing artists to connect with the viewer in meaningful ways.
- **Contemporary** invites artists to explore fresh perspectives, new ideas, and unique ways of expressing themselves. It's a space where creativity knows no bounds and diverse approaches are encouraged, from abstract to conceptual works.

With separate **five-panel juries** for each category, made up of professionals who understand the essence of both approaches, artists will have the opportunity to be celebrated for their individuality. Each category also has its own prize pool, offering even more chances for recognition.
